

FOUNDRY LANE -> SHIRLEY PONDS PARK

One way: 1.6 km / 1 mile / 15 minutes

Crossings: 3 busy roads

Terrain: Quiet residential

This quiet route takes you through residential streets and safely across the main roads of Regent's Park Rd, Romsey Rd and Winchester Rd. You may wish to walk down / up the short hill at Warren Ave. At the bottom, there are gates allowing access to either section of the park. It's best to lock bikes up here and explore on foot. There is a lake, a stream, a play park and a skate park. The park is on the Lordsdale Greenway - a walking trail that runs for over 2 miles. In the late summer there is excellent Blackberrying along much of the Greenway.
